CHRYSANTHEMUM & BEDDING PLANTS

JAN 31 19

ANDERSON FLORAL COMPANY
COLUMBUS, NEBRASKA
Established 1890

To the Florist trade about our Mums:

In presenting you with our annual wholesale catalog for this season, we wish to thank our customers and friends for the liberal patronage given us in the past and we hope to have the pleasure of serving you more in the future.

To new customers we would suggest that you give us a trial order and be convinced that our stock and service is as good as can be had regardless of the price paid.

As you will notice in reading through our list, we have added a few more new Originations that have proven their merits and are improvements over existing varieties which no doubt will interest you, as the public is always demanding something new.

Our Motto is that each customer must be satisfied.

In growing the stock listed we have tried to produce a quality of stock that will give entire satisfaction.

We have made arrangements with the leading Brokers for those who wish to order stock through them.

PRICES—Prices in this catalog cancel all previous quotations. Prices on Rooted Cuttings are quoted on all pages. Pot plants from 2 inch pots are $1 per 100 over rooted cutting prices. We furnish plants at the following rates: 5 plants at 10 rate; 25 plants at 100 rate; 250 plants at 1000 rate unless otherwise quoted. All orders are filled in rotation.

Cash or satisfactory reference is required from unknown parties. Orders to be sent C. O. D. must be accompanied by one-fourth cash. Interest of 10% will be charged on all past due accounts, thirty days. We allow 10% discount on orders for Rooted Cuttings with Cash given thirty days in advance of delivery.

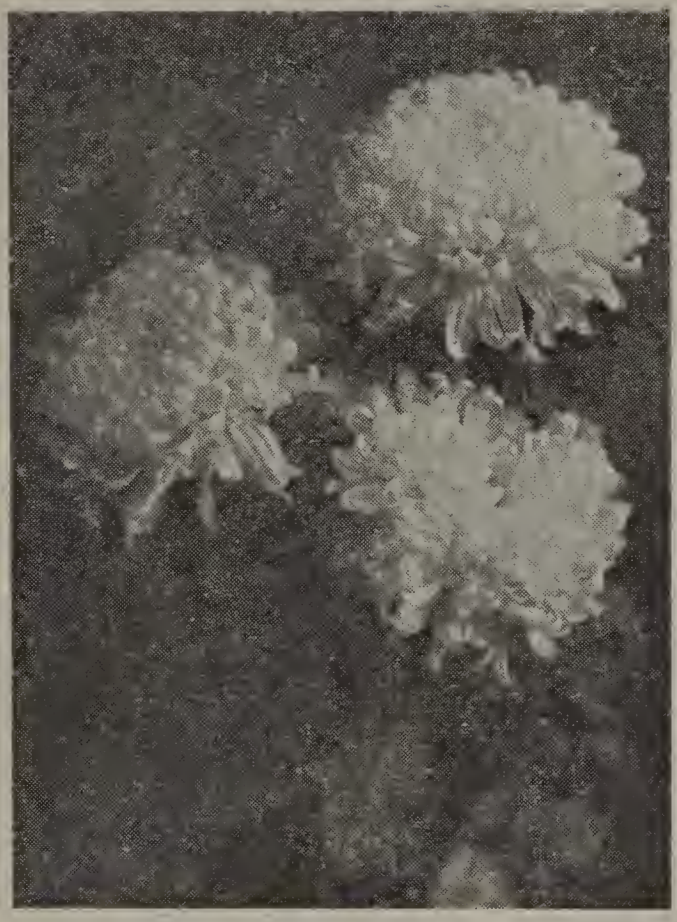
OUR GUARANTEE—We are careful to keep our varieties true to name as labeled, and we will replace, on proper proof, any stock that may prove otherwise free of charge or refund the amount paid us, with stock returned. No claims will be considered unless made within ten days after receipt of goods.

SHIPPING—Our shipping of Mums begins about February 15 or as soon as ready. We request customers to give definite shipping instructions as to manner in which they wish goods shipped. All shipments travel at risk and expense of purchaser. All shipments will be accompanied by State Certificate of Inspection.

LOCATION—Columbus is located in the East Central part of Nebraska on the Union Pacific and Burlington Railroad and on US 30 and US 81 Highways.

Visitors are always WELCOME to inspect our new varieties.

NEW MUMS FOR 1939



EARLY QUALITY

Extra fine early pure white, very full incurved, never shows open center, good stiff stem and foliage. Matures ahead of Quaker Maid about 7th to 12th of October. This white is a real money maker. Medium height, blooms measure from 5 to 7 inches in diameter grown three per plant. Take bud about Aug. 15.

BRONZE BEAUTY

Rich reddish bronze with golden bronze reverse of the incurved large flowering type. Very crisp which will stand long distance shipping. Dwarf vigorous grower and nice dark green foliage. Flowers measure 5 to 7 inches in diameter grown 3 to 4 per plant with average height of 2½ to 3 feet. Reserve first bud.

Prices: Each $.35; $2.50 per 10; $5.00 per 25; $15.00 per 100; $125.00 per 1000.

RICH GOLD—Early November large button Pompon nearly approaching the Friendly Rival in color. Strong erect grower with unusual substance. It produces plenty of nice well formed sprays of blooms 1¼ inches in diameter. Grows about three feet in height. It should be pinched about August 5 to 10. Make very nice pot plant from late cuttings.

BRIGHTON—Rich glowing crimson rose with golden cream well formed high cushion center. A very striking Anemone. Diameter of flower disbudded 2 to 3 inches. But, would recommend to be grown as cluster. Makes 4 to 5 well formed flowers per spray. Matures November 20 to 25. This variety should be pinched about August 20 as it is a very strong grower to carry 8 to 10 branches. Very satisfactory from late cutting for pot plant.

MOTHER OF PEARL—Late delicate pink cluster Pompon 1½ to 2 inches in diameter with bright pink center as it opens. Very satisfactory due to its late maturing in December when the main crop is off the market. Strong vigorous grower, should be pinched in late August or early September so as to have 10 to 12 branches per plant. Christmas Gold cross with Pink Mistletoe.

TANGO—Rich Chinese red disbud Pompon 2 to 2½ inches in diameter of the ball type, color similar to that of Hilda Bergen in the large variety. This is one of our earliest disbud Pompons. Matures about Oct. 15. Strong ridged grower producing up to 10 flowers per plant. Makes very suitable pot plant as well.

WHITE CLUSTER—Not just another white, but one that will make money for everybody that grows it. White Cluster is a late white Anemone with low cream-colored cushion that matures from November 30 well on into December. It is a seedling of Garza Supreme, a splendid grower and produces plenty of nice well formed sprays of good lasting flowers.

Prices on above varieties, Each 35c; $2.50 per 10; $5.00 per 25; $15.00 per 100; $125.00 per 1000.

"SPECIAL ANNOUNCEMENT"

DARK PINK FRIEDA

We are pleased to announce that in 1940 we will introduce a sport of Frieda, which is dark pink in the guard petals. We think everybody will admire it as they do the orginal variety Frieda today.

Don't forget to order now for this new sport. It is sure to be a winner as its parent.

Orders will be filled in rotation beginning February 1, 1940.

ANDERSON INTRODUCTIONS OF 1938

OCTOBER PRIDE

ANEMONE CHRYSANTHEMUMS

The Anemone Chrysanthemums consist of a flat or rounded cushion of quilled or tubular disc florets with one or more rows of flat or tubular ray florets. The cushion or center is either of the same color or distinct color than that of the ray florets. The Anemone Chrystanthemums may be grown either disbudded or in sprays depending on the variety. They are very attractive in decorative work of all kinds and their popularity is on the increase. They offer a pleasing change from the large round forms and the regular pompons. It will be well to grow some of these for your regular customers. They will like them.

ORIENTAL DAISIES

SINGLES

These may be of any size and form, but should not have more than a double row of ray florets arranged sufficiently close together to form a dense fringe. Singles are becoming more popular every year, so try a few. They are always serviceable.

ORIENTAL DAISIES—Due to the increased demand for these lovely single flowers, we are offering to the public eight distinct colors not very often found in chrysanthemums. Something new and different. These are very productive, carrying from 8 to 12 long stemed branches of well formed sprays per plant.

Their flowering season begins October 20 and continues to November 15. They have proven to be fine for black clothing Height of plants are from 2½ to 3 feet. These are the following varieties: Oriental Golden Salmon; Oriental Orange; Oriental Lavender; Oriental Scarlet; Oriental Rose; Oriental Yellow; Oriental Purple; Oriental White.

Price: Each 25c; $2.00 per 10; $3.00 per 25; $10.00 per 100; $90.00 per 1000.
